

tennisTOUCH LIVE TRACKER - INSTALL - ANDROID

Manual for installing tennisTOUCH Live Tracker app

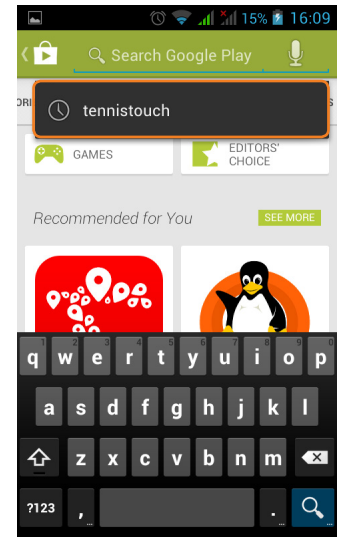

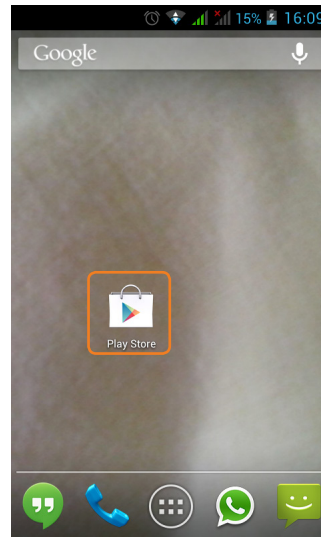

Content

1) Starting tennisTOUCH Live Tracker app3

1) Starting tennisTOUCH Live Tracker app

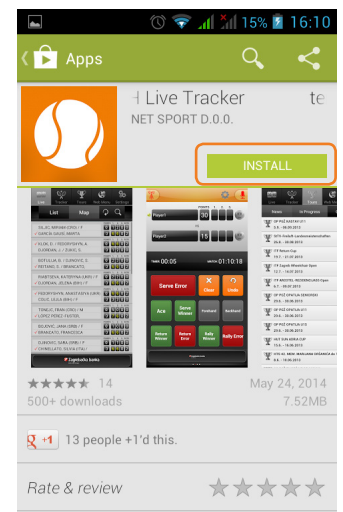

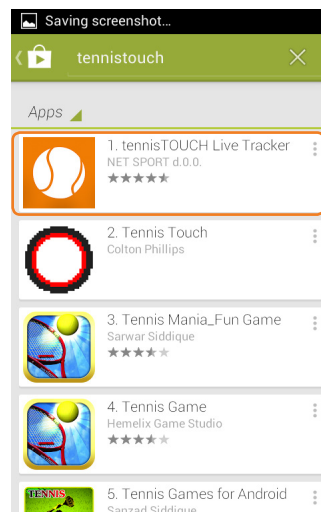

1. Open Google Play store (find icon and tap on it).

2. On top of Google Play store screen open search by tapping on magnifying glass and input “tennisTOUCH” (one word). Tap on magnifying glass or search to find the app.

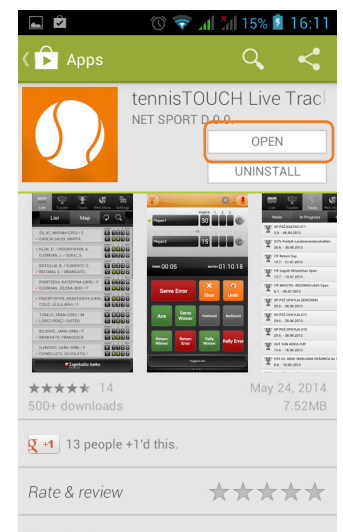

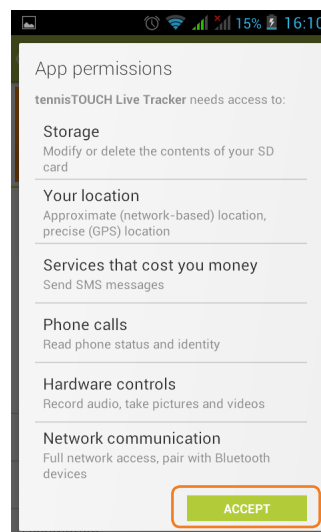

3. Select tennisTOUCH Live Tracker icon.

4. Tap “Install”.

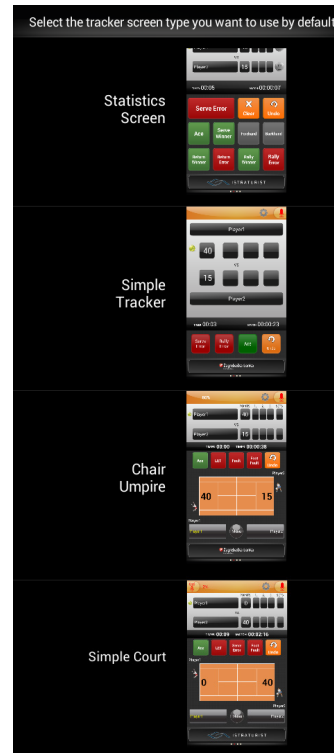

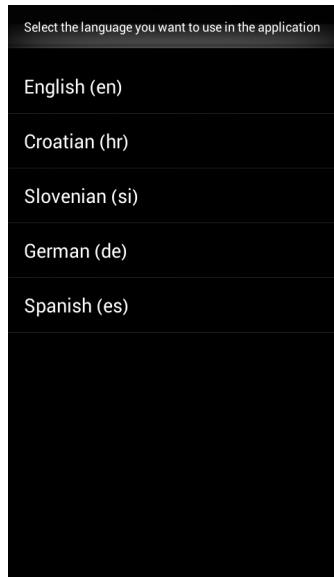

5. Tap “Accept”.

6. After installation finishes, tap “Open”. Every other time, you have to find the tennisTOUCH Live Tracker app icon on your list of apps.

7. Starting the app for the first time will give you a choice of a language. Choose one. After that, you will be able to choose a default tracker. You can choose between simple tracker, simple tracker with court, statistics tracker or chair umpire tracker. Select one.

BEAR IN MIND:

Language and default tracker type can be changed in app settings at any time.
